All items can be purchased with the lunch account or cash is also accepted. I do not always have change so exact change is recommended.

Please remember that the cafeteria is ran by an outside source - SLA - not CPS. All napkins, condiments and utensils are for students buying their lunch. If you are bringing a packed lunch you must supply your child with these items from home. These items are factored into the cost of the lunch and to keep costs down we need to be respectful of this.

Also, please note that if you are bringing in any outside items (cupcakes, icecream, cookies, etc.) you must bring all the necessary items to serve and dispense, i.e. plates, service utensils, napkins. Due to Board of Health guidelines and storage issues, we cannot store or hold your items. You must check with your teacher to see if they have storage or bring in at the time they are to be served.

If you have any question regarding your lunch account or pin number please contact SLA directly at: (407) 740-7677.

Have a wonderful year!
