

¡Hola! My name is Señora Wood. I am thrilled to be the new Spanish teacher at CPS this year. I can't wait to get to know all of my students and begin a fun and exciting year exploring the Spanish language with your children!

I would like to share a little bit of background information about myself, so you can get to know me better. I am from South Florida, but I have been living in Ponte Vedra Beach for two years. I am married and I have an 8-year-old daughter. When I am not at school, you can find me at our barn with my horse, at a horse show or standing on the sidelines of a soccer field. I love to travel and I am madly in love with Spain, so that's usually where I go!

I am a graduate of the University of Louisville with a BA in Communication and a concentration in Spanish. After I graduated, I spent some time living with a family in a small town in Spain, where I learned all about the Spanish language and culture. It was there that I fell in love with the language and knew I had to share it by becoming a teacher. I returned back to the United States to attend the University of Louisville for graduate school, where I earned a Masters in Spanish Education (MAT). While in graduate school, I had the great privilege to also attend la Universidad de Salamanca in Spain.

I have experience teaching all levels of Spanish from elementary all the way to AP Spanish and even college Spanish. I have also taught ESL and Spanish/World Languages Culture classes. My goal is to create lifelong learners of the language. I promise we will have a lot of fun while we learn!
