Mission Statement

We, the Catholic Community of Cathedral Parish School, will be examples of Christian teachings, will serve others as Jesus would, will achieve academic excellence, and put Christ first in ALL we do.

VPK celebrated Dr. Suess' birthday by reading books, exercising with rhyming words, and making hats, bookmarks and patterns.

A Letter from Deacon Ott

In the public schools, testing is often referred to as "high stakes testing." I sometimes jokingly say that our Terra Nova testing is "low stakes testing." While we use the data from the tests to inform classroom instruction and identify learning gaps so we can work to close them, we try to create a low-pressure environment for the students while they test. In testing and in life, the most important measurement of our efforts is not always the outcome but that we do our best!

Thank you to everyone who helped clean up after the festival on Monday!

The CPS Festival was full of fun, laughter, and friendship!

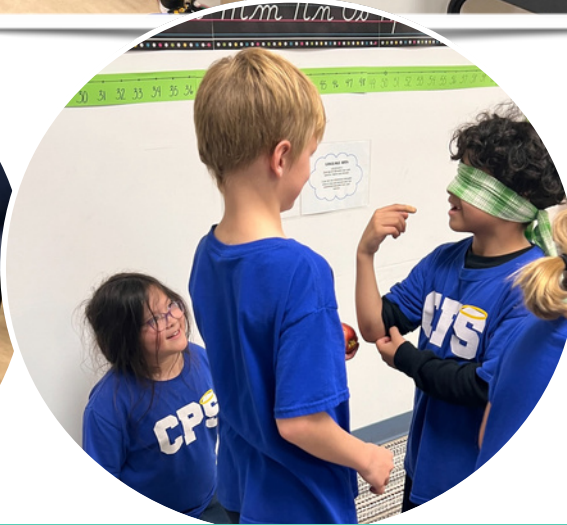

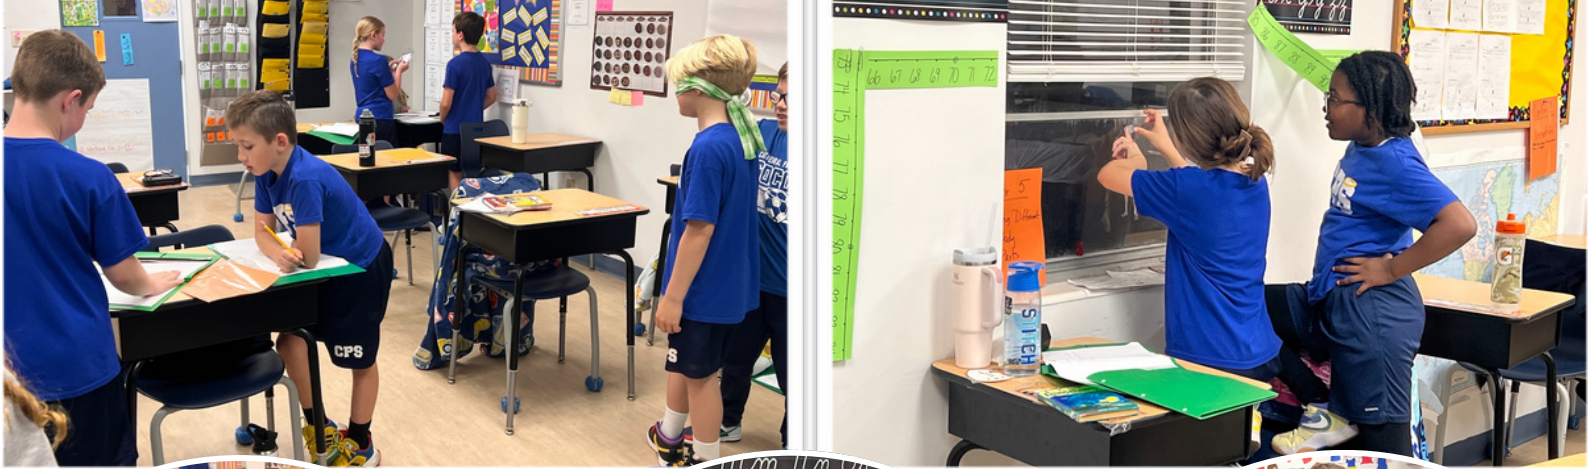

Thank you to everyone who volunteered their time to make the CPS festival possible!

Kindergarten enjoyed their orientation with Fr. Mac to help prepare for their first upcoming school Mass!

After Terra Nova testing in the mornings, 3rd grade did science experiments in the afternoons dealing with the human body. The kids took notes and learned about some amazing features God has given our bodies!

VPK has been learning about community helpers! They have a post office in their classroom to write letters. Delilah wrote a postcard to our mailman thanking him for delivering letters!
